General comments:

This section relates to quarterly and annual submission of information for groups.

If for the same asset two values can be attributed to one variable, then this asset needs to be reported in more than one line.

On the table Information on assets, each asset shall be reported separately, with one row for each asset, filling in all applicable variables requested in that table.

The template is applicable for method 1 (Accounting consolidation-based method), method 2 (Deduction and aggregation method) and a combination of methods 1 and 2.
